

ADITYA PANDE

JAVA FULLSTACK DEVELOPER

+91 8010950940 | adityapande019@gmail.com | Pune, Maharashtra

PROFILE SUMMARY

Motivated and detail-oriented **Java Full Stack Developer** with a strong foundation in Core **Java**, **Spring Boot**, **RESTful APIs**, and front-end technologies like **HTML**, **CSS**, **JavaScript**, and **React.js**. Skilled in developing responsive web applications, designing backend services, and working with relational databases such as **MySQL**. Hands-on experience in building full-stack projects, implementing authentication and **CRUD** operations, and **integrating** frontend with backend services. Familiar with version control tools like **Git** and following clean coding practices. Eager to contribute **technical skills**, **problem-solving abilities**, and a **strong learning** mindset to a dynamic development team while continuously enhancing expertise in modern **fullstack** technologies.

CORE TECHNICAL SKILLS

Programming: JAVA, OOP, SQL, JavaScript

Frameworks: Spring, Spring Boot, Spring MVC, Spring data JPA, Hibernate

Frontend: HTML5, CSS3, React.js

API & Architecture: REST APIs, Microservices, JWT Authentication, OAuth2, Postman

Databases: MySQL, PostgreSQL, MongoDB

Testing & Quality: Postman

Tools & Version Control: Git, Github, Maven, IntelliJ IDE, Eclipse

PROFESSIONAL EXPERIENCE

Java Full Stack Developer Intern

Infotact Solutions | Pune Feb 2026 -

Present

- Worked on developing and maintaining **Java-based backend applications** using Core Java, OOP, JDBC, and Spring technologies.
- Developed and integrated **RESTful APIs** for web applications.
- Collaborated with the development team to **design, test, and debug applications**.
- Worked with **MySQL/PostgreSQL databases** for data handling and queries.
- Participated in **code reviews and documentation** to ensure code quality and best practices.

PROJECTS

Project 1: Pharmacy Inventory Management System

Key Responsibilities & Features:

- **Engineered** a web-based pharmacy management system using Core Java, JSP, Servlets, and JDBC.
- **Architected** a structured MySQL database schema for medicines, suppliers, billing, and transaction records.
- **Executed** CRUD functionalities to streamline inventory tracking and stock monitoring.

- **Automated** expiry date validation and billing workflows to improve operational efficiency.
- **Integrated** JDBC connectivity to enable secure and efficient database interactions.
- **Designed** responsive user interfaces using HTML and CSS for seamless user experience.
- Deployed the application on **Apache Tomcat Server** using **Eclipse IDE**.

Tech Stack: Core Java, JSP, Servlets, JDBC, MySQL, HTML, CSS, Apache Tomcat

Project 2: AI Powered fitness Application

Key Responsibilities & Features:

- **Architected** a scalable microservices-based fitness platform using Java and Spring Boot.
- **Designed** and exposed RESTful APIs to enable modular service communication.
- **Configured** Eureka Server for service discovery and Spring Cloud Gateway for API routing.
- **Integrated** Keycloak to enforce secure authentication and role-based authorization.
- **Orchestrated** asynchronous communication between microservices using Apache Kafka.
- **Administered** PostgreSQL, MySQL, and MongoDB databases for structured and unstructured data handling.
- **Incorporated** Google Gemini API to deliver AI-powered personalized fitness recommendations.
- **Centralized** configuration management using Spring Cloud Config Server to enhance maintainability.

Tech Stack: Java, Spring Boot, Spring Cloud, Eureka, API Gateway, Kafka, Keycloak, PostgreSQL, MySQL, MongoDB

EDUCATION

Bachelor of Computer Science (BCS) | 2024

Savitribai Phule Pune University (SPPU), Pune

Master of Computer Application (MCA)|Present

Savitribai Phule Pune University (SPPU), Pune

CERTIFICATIONS

- **Programming in Java** – NPTEL (IIT Kharagpur), *Elite* – 91% (2025)
- **Data Structures and Algorithms using Java** – NPTEL (IIT Kharagpur) (2025)
- **Introduction to Java Spring Framework** – Simplilearn (2025)
- **Introduction to Git and GitHub** – Google (Coursera) (2024)
- **SQL Certification: Basic to Advanced** (2024)
